EXPERIENCE

Evan has several years' experience in the insurance industry, working as a claims resolution specialist and claims team manager. He has helped serve and train representatives to serve in reconciling complex property losses. Evan possesses a strong understanding of both residential and commercial structures, MEP systems and repair techniques. Evan is recognized as a valuable estimating resource and peer to peer trainer across northern Texas, providing quality and accurate claim evaluations with regular and thorough analysis of policies, procedures, laws, rules, and regulations applicable for jurisdictional compliance.

Evan has provided litigation assistance for over 300 property claims and prepared professional written communications for both plaintiff and defense council. Evan specializes in responding to catastrophic weather events providing immediate claim resolution, being recognized as a top-five team lead in the Dallas/Fort Worth market.
